IMPORTANT REGISTRATION INFORMATION

The HYAA organization has moved to a TeamSnap registration process. TeamSnap is an online and mobile-enabled sports team management application that allows our league, coaches and parents a more efficient means of communicating schedules and team events. Our registration process will be very similar to what we have in place today and will take less than two minutes to complete. If you do not have a TeamSnap account, you will be asked to create one as you register (requires an email address and password). Please register using the online form found on our website's Baseball page (www.hyaa.org). EVERYONE MUST CREATE A FAMILY ACCOUNT and register your child(ren) on TeamSnap. You can pay online by credit card or forward a check to the HYAA office. If you pay by check, please make sure that you put your child's name(s) and grade on the re line of the check or on a separate piece of paper when dropping off or mailing to the office (P.O. Box 49 Holmdel, NJ 07733).

HYAA is not an affiliate of the Holmdel Board of Education
